

Daniel M. Landerfin
Vice President & Contract Manager

Dan Landerfin has been a member of the CQ Personnel team for over 8 years. During that time, Dan's main focus has been to serve the Commonwealth of Massachusetts by providing the finest temporary employees for various positions in all five zones. Dan's success as contract manager is attributed to his truly unique ability to listen carefully to the clients' needs and to respond quickly with qualified temps, many of whom have already passed a CORI background check. What separates CQ Personnel and Dan Landerfin from the competition is their ability to work with each client and candidate with respect to their personal and professional needs in a way that no other agency can.

In addition to the numerous benefits CQ Personnel offers, temps like to work for CQ Personnel because of the helpful and meaningful professional relationships Dan Landerfin is able to have with his employees. CQ Personnel employees value Dan's ability to place them where they need to be to move their life and career in a positive direction.

As a recent client stated:

"Our company runs tradeshow around the country and just recently had a need for 11 quality temps to serve in our booths for a healthcare convention in Boston. It was my pleasure to choose CQ Personnel based on their experience, thoroughness, and the vetting of their temps. Dan Landerfin showed up at the convention hall at 6:15 am to make sure that all 11 temps were there by 6:30 am as he had promised.

All the temps showed up well-groomed and well-dressed. It was pleasure to work with CQ Personnel and I would highly recommend them to anyone who is seeking the best that Boston has to offer."

- Carla Frehn, Convention Coordinator
Merion Publications, Inc.
